

DMA 2010 Adventures Summer Course Instructor Positions & Descriptions

The Digital Media Adventures is Digital Media Academy (DMA)'s summer computer camp program for kids. Our summer camps offer a more sophisticated learning environment than any other summer computer camp. All camp courses are project based and taught by talented and inspiring teachers. DMA instructors share cutting-edge skills and teach using the very latest technology. DMA is looking for talented individuals with expertise, passion and teaching experience to join its growing community of Adventures course instructors for summer 2010.

DESCRIPTION:

We are looking for individuals with a passion for teaching kids ages 9-12 in one or more of the following subject areas:

- Adv. in Filmmaking & Special Effects or Adv. in Acting & Filmmaking w/Final Cut Pro
- Adv. in Web Design & Flash w/Adobe CS4
- Adv. in 2D & 3D Game Creation w/ Multimedia Fusion 2
- Adv. in Game Modding w/ LEGO Indiana Jones 2: The Adventure Continues
- Adv. In Cartoon Creation Cartoon and Comic Creation, using Toon Boom Studio and Photoshop
- Adv. In Robotics & Programming w/ Lego® Mindstorms® NXT

We are also looking for individuals with a passion for teaching kids ages 6-8 in our Jr. Adventures courses:

- Drama & Digital Filmmaking
- Green Power & Digital Media
- Art & Digital Photography
- Soccer and Game Design

Our 2010 summer camp programs are located on 10 college campuses across the United States. See "Locations and Dates" below for more information. For individual descriptions of the courses listed above go to < <http://www.digitalmediaacademy.org/teens-kids/kids/all-kids-camp-courses.html>>

RESPONSIBILITIES

- Teach key concepts in a variety of formats: hands-on leader-led format, group work and one-on-one with students.
- Utilize DMA provided curriculum and resources, ensuring an organized, fun and rewarding experience for students.
- Teach with passion, structure and expertise, while guiding students through the completion of a personal project
- Depending on the size of the class, oversee one or more TA's who will assist with group project work and one-on-one with students.

QUALIFICATIONS

BA or BS degree*

Demonstrated experience in the topics and applications you teach

Classroom experience with students ages 9-12

Excellent communication skills and ability to effectively communicate with both kids and parents

Multiple Subject or Single Subject Teaching Credential (preferred)

**To teach our Jr. Adventures courses a High School Diploma with one year of college and experience working with kids 6-8 is sufficient.*
