

## **DMA 2010 Teen (13-18) & Pre Teen (11-14) Summer Course Instructor Positions & Descriptions**

The Digital Media Academy is The Summer Computer Camp for Teens. No other computer camp offers DMA's unique, high-tech summer camp experience. At DMA teens can explore possible career paths, prepare for college, gain practical work skills and even earn certification. All while enjoying an incredible summer camp with other creative teens. Our summer camps offer a more sophisticated learning environment than any other summer computer camp. All teen camp courses are project based and taught by talented and inspiring teachers. DMA instructors share cutting-edge skills and teach using the very latest technology. DMA is looking for talented individuals with expertise, passion and teaching experience to join its growing community of teen & pre teen course instructors for summer 2010.

### **QUALIFICATIONS AND EXPERIENCE:**

Lead instructors for DMA's teen summer camp/courses are responsible for providing an amazing experience that combines the learning of industry standard production tools, workflow techniques and applications in a hands on project-based format. DMA hires instructors who don't just know an application or a topic from a to z, but who love to teach kids and teens and know how to impart knowledge to a wide range of students. If you possess these skills and are interested in being part of the DMA team this summer, Apply Now!

### **RESPONSIBILITIES**

- Teach key concepts in a variety of formats: hands-on leader-led format, group work and one-on-one with students.
- Utilize DMA provided curriculum and resources, ensuring an organized, fun and rewarding experience for students.
- Teach with passion, structure and expertise, while guiding students through the completion of a personal project
- Depending on the size of the class, oversee one or more TA's who will assist with group project work and one-on-one with students.

### **QUALIFICATIONS**

- Experience teaching teens ranging from 13-18 in a classroom setting strongly preferred
- Demonstrated expertise in the topics/courses for which you are applying to teach
- Professional experience producing content in the topics you teach, strongly preferred
- A portfolio of your work is highly preferred
- BA degree in related field preferred

### **OPEN POSITIONS & LOCATIONS**

We are hiring instructors for single or multiple sessions of the following weeklong immersion courses at our summer 2010 locations. All courses are for teens (13-18) unless otherwise noted. All courses are 5-days unless noted otherwise. For an overview of each course please view the Teen Courses page on our website <<http://digitalmediaacademy.org/teen/>>. For location dates please go to
