

DIGITAL MEDIA Academy

Digital Media Academy 2010 Summer Program Instructor Positions –Pro Series Courses

The Digital Media Academy (DMA) offers technology courses for K-20 educators, adult-learners, as well as separate programs for youth. Founded in 2001 by a group from Stanford University, DMA is best known for its premier summer programs hosted at prestigious destination campuses. In addition to being an Apple Authorized Training Center, DMA is accredited by Stanford University Continuing Studies and held to the highest standard of excellence. DMA Pro-Series instructors include nationally-known industry experts, master teachers and award-winning creative professionals.

DMA is looking for talented individuals to join its growing community of Pro-Series instructors for summer 2010. We are hiring instructors for single or multiple sessions of the following week-long immersion courses at our summer locations:

QUALIFICATIONS AND EXPERIENCE:

Lead instructors for DMA's Pro Series (adult) courses are responsible for providing an amazing experience that combines the learning of industry standard production tools, workflow techniques and applications in a hands on project based format. DMA hires instructors who don't just know an application or a topic from a to z, but who have a passion for teaching and know how to impart knowledge to a wide range of students. If you possess these skills and are interested in being part of the DMA team this summer, Apply Now!

RESPONSIBILITIES

- Teach with passion, structure and expertise, while guiding students through the completion of a personal project
- Work with students in a hands-on leader-led format as well as one-on-one

QUALIFICATIONS

- 2 years experience teaching adult learners in a classroom setting strongly preferred
- Demonstrated expertise in the topics and applications you teach
- Professional experience producing content in the topics you teach, strongly preferred
- BA degree in related field preferred
